3. Profile Settings

Your player profile created on the Service is available to search. By default, upon player's registration this profile is set up to 'private'. In this case only your nickname and date of registration is publically available.

In order to change the visibility of a profile, a user must agree to make it public by changing the appropriate field in the profile settings view.

A public profile makes i.e the following data public:

- nickname
- date of registration

- steam, faceit and esportal ranks
- number of matches played
- win rate - ratio of matches won to lost
- last 5 game results
- number of games played
- game statistics, such as roles distribution ratio, player statistics (offensive/defensive ratio, player performance level in certain skills), match statistics, side-by-side statistics).

You can change your profile privacy preferences (private/public) at any time from your account settings.

[Retention period]: We only process the Data for as long as it is necessary. When the purpose of the Data processing has been fulfilled, the Data will be deleted in accordance with our Data retention policy, unless we are legally obliged to keep such Data. Depending on the legal grounds of processing, the Data may be processed for the following periods of time: (a) if they are processed based of a ground of necessity to execute the Agreement - for the term of the Agreement and until expiry of claim limitation period related thereto; (b) if they are processed based on a ground of a legitimate interest of the Controller - until a successful objection is filed; (c) if they are processed based on a ground of fulfilling a legal obligation of the Controller - in the scope and for a period necessary to fulfil such obligations in compliance with the law; (d) if they are processed based on a consent - until withdrawal thereof.

[Data recipients] Depending on your account privacy settings, a certain amount of your Data may be publicly available to all visitors to our website. What is more, recipients of the giving Data categories may be the authorities entitled to receive Data in compliance with binding provisions of law. Moreover, Data may be received by Our service providers such as e.g. IT or accounting services. For the moment, we do not plan to transfer the Data to third countries (i.e. the countries outside the EEA (European Economic Area). Should it, however, happen, it will be executed in compliance with all requirements resulting from the binding provisions of law.

[Your rights] Depending on Your situation, grants You a number of rights in relation to the processing of Your Data. These are: (a) right of access by the data subject and to receive copy of personal data undergoing processing; (b) right to rectification; (c) right to erasure ('right to be forgotten'); (d) right to restriction of processing; (e) right to withdraw consent at any time. Please, keep in mind that consent withdrawal is not affecting the lawfulness of processing based on consent before its withdrawal; (f) the right to Data portability; (g) the right to object to the processing of Data.

If You believe that processing of Your data by us violates the law, You can file a complaint with the President of the Office for Personal Data Protection. For more information please click here: <https://uodo.gov.pl/en>

[Updating information] As the privacy policy is up-to-date information about the processing of Data, its content may change so that it is consistent with the actual processing of Your Data. The current privacy policy together with information about the date of the last update will always be available in the Service.

[Contact] In case You have any doubts regarding the processing of Your Data, please contact us by sending an email to: privacy@ggpredict.io.

[Profiling and non-automated decision-making] Profiling is the automated processing of Data that involves the use of personal data to evaluate certain personal factors about an individual, in particular to analyze or predict aspects of that individual's performance, economic situation, health, personal preferences, interests, reliability, behavior, location or movement.

In order to carry out the Service, in some cases we may use profiling. This means that through automated processing, we evaluate selected factors about individuals to analyze how they play.

On the basis of profiling, we do not use automated decision-making in individual cases at any stage of the processing of Data.

[General information about cookies] Cookies are IT data, in particular text files, which are stored in the end device of website and application Users. Cookies usually contain the domain name of the website from which they originate, their storage time on the end device and a unique number. To know more about cookies and to manage them on our website please see [Cookie Policy](#).
